Health Lodge Requirements

Every camper (youth or adult) regardless of program must have a completed BSA Medical Form # 34605 signed by a physician within the past 12 months. No other medical forms are accepted. All medical forms are turned in upon arrival at camp and maintained at the health lodge during your stay. (Troop 821 collects this in advance and provides it to Camp Daniel Boone.)

Medications can be kept by the unit leader so long as proper locked storage is brought. Medications can be left with the health officer and administered by the camp health lodge staff if desired.

Camp Daniel Boone Hoedown & Family Night

Each Wednesday night we have a live band playing good-ole mountain music and have a picnic out on the lawn. Hot dogs and hamburgers are served outside while scouts, scouters and guests listen to live bluegrass music. All parents and family members are invited to camp for a great cookout, and to enjoy fellowship with their scouts. Chapel is held at 8:30 and is followed by CDB version of the Gong Show. Each troop is encouraged to participate, so bring your best skit, song or campfire story and be prepared to face the crowd and the GONG! The evening closes with the OA Call-Out Ceremony.

Additional Information

Some merit badges require kits to complete. These kits can be purchased at the Trading Post for a variety of prices. The average scout spends \$50 in the trading post between merit badge supplies, souvenirs, etc... Additional information about Camp Daniel Boone can be found in your Scoutmaster's Leader's Guidebook or online at www.campdanielboone.org.
